NOTICE

The Department of Training & Placement of IET Bhaddal is pleased to announce a **Webinar on the way strive towards economic empowerment through entrepreneurship** aimed at enhancing knowledge and fostering academic discussions in the related topic. The seminar will provide a platform for sharing the latest advancements, research, and practices.

Details of the Seminar:

- **Topic:** Webinar on the way strive towards economic empowerment through entrepreneurship
- **Date:** 17 May 2024
- **Time:** 9:30 am-11:30 am
- **Venue:** Seminar Hall Block- F
- **Speaker:** Dr .Sewa Singh, Professor & Dean, CTIEMT Shahpur Jalandhar

We encourage all faculty members and interested students to attend this seminar, as it will be an excellent opportunity to interact with experts in the field, stay updated on new developments, and explore potential areas for research collaboration.

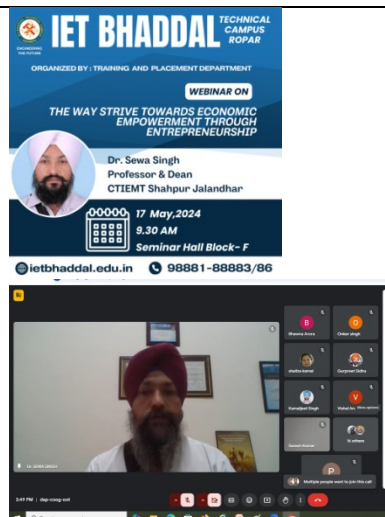

We look forward to your active participation.

Webinar on the way strive towards economic empowerment through entrepreneurship

The Training and Placement Department organized a Webinar on Striving Towards Economic Empowerment Through Entrepreneurship on 17th May 2024, from 9:30 AM to 11:30 AM, at Seminar Hall, Block-F. The webinar was coordinated by Dr. Pravneet Kaur and featured Dr. Sewa Singh, Professor & Dean, CTIEMT Shahpur Jalandhar, as the resource person.

A total of 50 participants attended the webinar, which aimed to inspire and guide individuals on leveraging entrepreneurship as a means of economic empowerment and self-sufficiency. Dr. Singh emphasized the importance of entrepreneurial thinking, innovation, and risk-taking in creating sustainable business ventures. He provided insights into identifying business opportunities, overcoming challenges, and utilizing available resources effectively.

The session covered key aspects of entrepreneurship, including startup strategies, business development, financial planning, and market analysis. Dr. Singh shared real-world examples of successful entrepreneurs who transformed their ideas into thriving businesses, motivating participants to take initiative.

By the end of the webinar, attendees had gained valuable knowledge and tools to develop entrepreneurial skills, create opportunities, and contribute to economic growth. The event concluded with an interactive Q&A session, allowing participants to seek guidance on their entrepreneurial aspirations, making the webinar a highly engaging and insightful experience.

Workshop on rights on industrial property, copy write and intellectual property

The Training and Placement Department organized a Workshop on Rights on Industrial Property, Copyright, and Intellectual Property on 4th May 2024, from 2:00 PM to 4:00 PM, at Seminar Hall, Block-C. The workshop was coordinated by Mr. Onkar Singh and featured Dr. Gurpreet Singh, Campus Director, CTGI, Shahpur, Jalandhar, as the resource person.

A total of 15 faculty members attended the workshop, which aimed to provide a comprehensive understanding of industrial property, copyright, and intellectual property rights and their significance in innovation, academia, and business. Dr. Singh explained the various forms of intellectual property, including patents, trademarks, copyrights, and trade secrets, and their role in fostering innovation and economic growth.

The session covered legal frameworks governing intellectual property rights, procedures for filing patents, and strategies to safeguard creative and innovative works. Dr. Singh also highlighted common challenges in intellectual property management and the ethical considerations involved.

By the end of the workshop, participants had gained valuable insights into protecting their intellectual assets and leveraging them for academic and professional growth. The event concluded with an engaging Q&A session, where faculty members discussed real-world scenarios and sought expert advice on intellectual property-related concerns.

Seminar on Full stack Web Development

The Training and Placement Department organized a Seminar on Full Stack Web Development on 15th March 2024, from 11:00 AM to 1:00 PM, at Seminar Hall, Block-C. The seminar was coordinated by Dr. Pravneet Kaur and featured Ms. Robina Dogra from Excellence Technology, Mohali, as the resource person.

A total of 53 participants attended the session, which aimed to provide insights into modern web development technologies and frameworks. Ms. Dogra focused on two crucial aspects of full stack development: React JS and the MERN stack (MongoDB, Express.js, React, and Node.js). She began by explaining the fundamentals of React JS, its component-based architecture, and its role in building dynamic and responsive web applications.

The discussion then shifted to the MERN stack, where Ms. Dogra detailed its components and how they work together to create scalable and efficient web applications. A live coding session was conducted, where participants saw practical implementation of frontend and backend development.

Additionally, Ms. Dogra shared industry insights, career opportunities, and best practices for aspiring IT professionals. The seminar concluded with an interactive Q&A session, where participants received expert guidance on career growth, project development, and mastering full stack technologies.

Seminar on Igniting the Path from Campus to Corporate

The Training and Placement Department of IET Bhaddal organized an insightful Seminar on "Igniting the Path from Campus to Corporate" on 14th March 2024, starting at 11:45 PM onwards, at Seminar Hall, Block-C. The seminar was coordinated by Dr. Pravneet Kaur and featured Mr. Rajiv Nayyar, General Manager, Infowiz Software Solutions, Chandigarh, as the resource person.

A total of 60 participants attended the session, which focused on bridging the gap between academic learning and corporate expectations. Mr. Nayyar provided in-depth insights into Python, Artificial Intelligence (AI), Machine Learning (ML), and Data Science (DS), emphasizing their growing demand in the IT industry. He elaborated on the latest industry trends, essential technical skills, and corporate work culture to prepare students for successful careers.

A hands-on coding session was conducted, where students got the opportunity to apply their knowledge in real-time scenarios, enhancing their practical understanding of web development and data science. Mr. Nayyar also shared career guidance tips, resume-building strategies, and interview preparation techniques, helping students gain confidence for their transition into the professional world.

The seminar concluded with an interactive Q&A session, where students engaged actively and received expert advice. The event was highly appreciated, with participants expressing gratitude for the valuable knowledge and career-oriented guidance provided by Mr. Nayyar.

Workshop on research ethics and practices

The Training and Placement Department organized a Workshop on Research Ethics and Practices on 9th February 2024, from 2:00 PM to 4:00 PM, at Seminar Hall, Block-C. The session was coordinated by Dr. Pravneet Kaur and conducted by Dr. Mandeep Singh, Professor & Head, CTIEMT Shahpur, Jalandhar. A total of 22 participants attended the workshop.

The objective of this workshop was to educate participants on ethical principles and best practices in conducting responsible and credible research. Dr. Singh began the session by discussing the fundamentals of research ethics, including honesty, integrity, transparency, and accountability. He elaborated on common ethical issues such as plagiarism, data fabrication, authorship disputes, and conflicts of interest, highlighting their implications in academic and professional research.

Participants were introduced to various ethical guidelines and institutional policies that govern research practices. The session also covered the importance of informed consent, data privacy, and compliance with ethical standards in human and animal research.

An interactive discussion followed, allowing participants to clarify doubts and share experiences related to research ethics. The workshop concluded with key takeaways on ensuring credibility, maintaining ethical integrity, and fostering responsible research practices. Overall, it was an informative and engaging session, helping researchers uphold ethical standards in their academic and professional pursuits.

Seminar on innovative and creative writing

The Training and Placement Department organized a Seminar on Innovative and Creative Writing on 13th October 2023, from 2:00 PM to 4:00 PM, at Seminar Hall, Block-C. The session was coordinated by Mr. Vishal Arora and led by Dr. Sewa Singh, Professor & Dean, CTIEMT Shahpur Jalandhar. A total of 35 participants attended the seminar.

The seminar aimed to inspire participants to explore and develop their writing skills through innovative techniques and creative approaches to storytelling. Dr. Singh introduced various writing styles, narrative techniques, and tools to help writers craft engaging and impactful content. He emphasized the importance of originality, imagination, and structured storytelling in creative writing.

Participants were guided through exercises in character development, plot structuring, and expressive writing. Dr. Singh also highlighted the role of technology and digital platforms in modern creative writing, offering insights into blogging, content creation, and self-publishing opportunities.

The session concluded with an interactive discussion, where participants shared their thoughts, asked questions, and received expert advice on refining their writing skills. The seminar provided a valuable learning experience, equipping attendees with practical strategies to enhance their creativity and storytelling abilities.

NOTICE

The Department of Training & Placement of IET Bhaddal is pleased to announce a **Seminar on writing techniques for research papers and thesis methodologies** aimed at enhancing knowledge and fostering academic discussions in the related topic. The seminar will provide a platform for sharing the latest advancements, research, and practices.

Details of the Seminar:

- **Topic:** Seminar on writing techniques for research papers and thesis methodologies
- **Date:** 14 Oct 2022
- **Time:** 2pm-4pm
- **Venue:** Seminar Hall Block- C
- **Speaker:** Dr. Taranjeet Kaur, Associate Professor, CGC Jhanjeri
-

We encourage all faculty members and interested students to attend this seminar, as it will be an excellent opportunity to interact with experts in the field, stay updated on new developments, and explore potential areas for research collaboration.

We look forward to your active participation.

Activity Report

Title	Seminar
Activity Name	Seminar on writing techniques for research papers and thesis methodologies
Date	14 Oct 2022
Duration	2 hours
Time	2pm-4pm
Venue	Seminar Hall Block- C
Organized By	Training and Placement Department
Coordinator Name	Dr Pravneet Kaur
Resource Person	Dr. Taranjeet Kaur, Associate Professor, CGC Jhanjeri
No. of Participants	18
Program Objective	To guide participants in mastering effective writing techniques for research papers and structuring methodologies for a thesis.
Program Outcome	Participants will develop the skills to articulate research findings clearly, structure their thesis methodically, and meet academic publishing standards.
Photograph	

Seminar on writing techniques for research papers and thesis methodologies

The Training and Placement Department organized a Seminar on Writing Techniques for Research Papers and Thesis Methodologies on 14th October 2022, from 2:00 PM to 4:00 PM, at Seminar Hall, Block-C. The seminar was coordinated by Dr. Pravneet Kaur and featured Dr. Taranjeet Kaur, Associate Professor, CGC Jhanjeri, as the resource person.

A total of 18 participants attended the seminar, which aimed to enhance their skills in academic writing and research methodology. Dr. Kaur provided valuable insights into structuring research papers, formulating clear arguments, citing sources properly, and maintaining academic integrity. She also emphasized thesis organization, literature review writing, and selecting appropriate research methodologies.

The session was highly interactive, with participants engaging in discussions and receiving practical tips on publishing their work in reputed journals. By the end of the seminar, attendees had gained a comprehensive understanding of effective writing strategies and thesis structuring techniques. The event concluded with a Q&A session, where students clarified their doubts regarding academic writing challenges.

Date: 08.09.2022

NOTICE

The Department of Training & Placement of IET Bhaddal is pleased to announce a **Seminar on design of experiments and Taguchi analysis** aimed at enhancing knowledge and fostering academic discussions in the related topic. The seminar will provide a platform for sharing the latest advancements, research, and practices.

Details of the Seminar:

- **Topic:** Seminar on design of experiments and Taguchi analysis
- **Date:** 9 Sep 2022
- **Time:** 9:30 am-11:30 am
- **Venue:** Seminar Hall Block- F
- **Speaker:** Dr. Mandeep Singh, Professor & Head, CTIEMT Shahpur Jalandhar

We encourage all faculty members and interested students to attend this seminar, as it will be an excellent opportunity to interact with experts in the field, stay updated on new developments, and explore potential areas for research collaboration.

We look forward to your active participation.

Title	Seminar
Activity Name	Seminar on design of experiments and Taguchi analysis
Date	9 Sep 2022
Duration	2 hours
Time	2pm-4pm
Venue	Seminar Hall Block- F
Organized By	Training and Placement Department
Coordinator Name	Mr Onkar Singh
Resource Person	Dr. Mandeep Singh, Professor & Head, CTIEMT Shahpur Jalandhar
No. of Participants	36
Program Objective	To provide insights into the principles of experimental design and Taguchi methods for optimizing processes and improving quality.
Program Outcome	Participants will acquire skills to plan, execute, and analyze experiments effectively, leading to data-driven decision-making and enhanced system performance.
Photograph	

Seminar on design of experiments and Taguchi analysis

The Training and Placement Department organized a Seminar on Design of Experiments and Taguchi Analysis on 9th September 2022, from 2:00 PM to 4:00 PM, at Seminar Hall, Block-F. The seminar was coordinated by Mr. Onkar Singh and featured Dr. Mandeep Singh, Professor & Head, CTIEMT Shahpur Jalandhar, as the resource person.

A total of 36 participants attended the seminar, which aimed to provide in-depth knowledge of experimental design principles and Taguchi methods for process optimization and quality improvement. Dr. Singh explained the importance of structured experimentation in engineering and research, highlighting how Taguchi analysis minimizes variations and enhances system performance.

The session covered key topics such as factorial design, orthogonal arrays, signal-to-noise ratio, and robust design techniques. Participants engaged in discussions and explored practical applications of these methods across different industries.

By the end of the seminar, attendees had gained valuable skills to plan, execute, and analyze experiments effectively, enabling them to make data-driven decisions and optimize processes efficiently. The session concluded with a Q&A round, making it an informative and interactive learning experience.

Seminar on theoretical and conceptual framework of research

The Training and Placement Department organized a Seminar on Theoretical and Conceptual Framework of Research on 5th August 2022, from 2:00 PM to 4:00 PM, at Seminar Hall, Block-C. The seminar was coordinated by Dr. Pravneet Kaur and featured Dr. Vijay Kumar Banga, Professor & Director, AGC, Amritsar, as the resource person.

A total of 25 participants attended the seminar, which aimed to enhance their understanding of theoretical and conceptual frameworks essential for structuring meaningful research. Dr. Banga explained the importance of a strong theoretical foundation in academic and professional research, emphasizing how conceptual clarity contributes to well-structured studies.

The session covered key aspects of research frameworks, including the distinction between theoretical and conceptual models, literature review strategies, and hypothesis development. Dr. Banga also provided practical insights on aligning research objectives with appropriate methodologies, ensuring academic rigor and coherence.

Participants engaged in interactive discussions, case studies, and hands-on exercises, allowing them to apply these concepts to their own research projects. By the end of the seminar, attendees had gained valuable skills in designing structured research frameworks, improving their ability to conduct scholarly work with clarity and precision. The session concluded with a Q&A round, making it an enriching experience for all.

Title	Seminar
Activity Name	Full stack development workshop
Date	10 May 2022
Duration	2 hours
Time	2pm-4pm
Venue	Seminar Hall Block- C
Organized By	Training and Placement Department
Coordinator Name	Ms Barinderjit Kaur
Resource Person	Er Deepak Kumar, Senior Web Developer, Tech-live Mohali
No. of Participants	34
Workshop Detail	<p>Full Stack Development Workshop was organized by the Department of MCA at IET Bhaddal on May 10, 2022, specifically to students pursuing MCA, and B.Tech. in Computer Science and Engineering. The workshop featured Er. Deepak Kumar as the distinguished speaker, who shared his expertise on coding with the participants. Mr. Kumar's presentation not only covered the theoretical aspects but also delved into practical insights, providing a holistic understanding of full-stack development. The event culminated with the distribution of certificates to recognize and appreciate the active participation of the attendees. This workshop, orchestrated by IET Bhaddal, not only enhanced the technical acumen of the students but also served as a testament to the institution's commitment to fostering practical skills and knowledge in the realm of full-stack development.</p>
Photograph	

Full stack development workshop

The Training and Placement Department of IET Bhaddal organized a Full Stack Development Workshop on 10th May 2022 from 2:00 PM to 4:00 PM in Seminar Hall Block-C. The session was coordinated by Ms. Barinderjit Kaur and conducted by Er. Deepak Kumar, Senior Web Developer at Tech-live, Mohali. A total of 34 participants, including students from MCA and B.Tech. in Computer Science and Engineering, attended the workshop.

The workshop aimed to provide students with comprehensive knowledge of full-stack development, covering both frontend and backend technologies. Er. Deepak Kumar shared his expertise in coding, web application development, and best industry practices. His presentation combined theoretical concepts with hands-on demonstrations, allowing students to gain a holistic understanding of full-stack development.

Key topics covered included HTML, CSS, JavaScript, backend frameworks, databases, and deployment techniques. The interactive nature of the workshop encouraged participants to engage in discussions, ask questions, and explore real-world development challenges. The session concluded with a certificate distribution ceremony, recognizing and appreciating the active involvement of the attendees.

This workshop not only enhanced students' technical skills but also aligned with IET Bhaddal's commitment to fostering industry-relevant knowledge and practical learning in the domain of full-stack development.

Webinar on IoT Applications for Real-time Safety Monitoring in Industries outcomes

The Training and Placement Department of IET Bhaddal organized a webinar on "IoT Applications for Real-time Safety Monitoring in Industries" on 22nd April 2022 from 9:30 AM to 11:30 AM in F Block Seminar Hall. The session was coordinated by Ms. Barinderjit Kaur and conducted by Mr. Ravinder Bansal, EHS Manager, Bunge India Pvt. Ltd., Rajpura. A total of 32 participants attended the event.

The objective of the webinar was to provide insights into the integration of IoT technology in industrial safety systems. Mr. Ravinder Bansal discussed the role of IoT devices, sensors, and networks in enhancing real-time safety monitoring. He highlighted how IoT applications help in hazard detection, predictive maintenance, and compliance with safety regulations.

The session covered key IoT components, data analytics for risk assessment, and automation techniques for improving worker safety. Participants learned how IoT reduces workplace accidents, enhances response times, and streamlines audits for regulatory compliance. The interactive session allowed students to explore practical use cases and challenges in IoT deployment for industrial environments.

Overall, the webinar was highly informative, equipping attendees with valuable knowledge on the impact of IoT in creating safer industrial workplaces.

A seminar on patent: Tool for rewarding research and rewarding career

The Training and Placement Department of IET Bhaddal organized a seminar on "Patent: A Tool for Rewarding Research and Rewarding Career" on 4th March 2022 from 2:00 PM to 4:00 PM in Seminar Hall Block-C. The session was coordinated by Ms. Barinderjit Kaur and conducted by Dr. Sandeep Ranjan, Professor & Head, CTIEMT Shahpur, Jalandhar. A total of 22 participants attended the event.

The seminar aimed to educate participants on the importance of patents in research and career advancement. Dr. Sandeep Ranjan provided valuable insights into patent filing procedures, intellectual property rights, and their role in innovation-driven industries. He discussed how patents can protect research work, promote commercialization, and create opportunities for professional growth.

Key topics included types of patents, patent laws in India, international patent protection, and the process of transforming research into a patentable innovation. Participants also learned about the impact of patents in academia, entrepreneurship, and industry collaborations. The interactive session encouraged attendees to explore patent filing as a strategic career move.

Overall, the seminar was highly informative, equipping participants with the knowledge to safeguard intellectual property and leverage patents for long-term career success.

Workshop on entrepreneurship development

The Training and Placement Department of IET Bhaddal organized a Workshop on Entrepreneurship Development on 11th February 2022 from 2:00 PM to 4:00 PM in Seminar Hall Block-C. The session was coordinated by Ms. Bhawanpreet Kaur and conducted by Dr. A. P. Mehta, Professor & Principal, LLRIET Moga. A total of 35 participants attended the event.

The objective of the workshop was to foster an entrepreneurial mindset and equip participants with essential skills for identifying business opportunities and building successful ventures. Dr. A. P. Mehta provided valuable insights into business planning, market analysis, financial management, and risk assessment. He emphasized the importance of innovation, leadership, and resilience in entrepreneurship.

Key topics discussed included business idea validation, funding opportunities, startup challenges, and government support for entrepreneurs. Participants were encouraged to develop business models, explore market dynamics, and engage in problem-solving activities. The session also included real-world case studies and interactive discussions, allowing students to gain practical exposure to entrepreneurial strategies.

The workshop concluded with an engaging Q&A session, where students clarified doubts and received guidance on their entrepreneurial aspirations. Overall, the workshop successfully inspired participants to take confident steps toward their startup journeys.

Webinar on Sales and Marketing as Tools for Social Change

The Training and Placement Department of IET Bhaddal organized a Webinar on "Sales and Marketing as Tools for Social Change" on 21st January 2022 from 9:30 AM to 11:30 AM in F Block Seminar Hall. The session was coordinated by Ms. Neha Mehndiratta and featured Ms. Kanchan Pali, Manager, Shell India Markets Private Limited, Mumbai, as the resource person. A total of 55 participants attended the event.

The webinar aimed to showcase how sales and marketing strategies can drive social change by promoting ethical practices, raising awareness, and creating sustainable impacts in communities. Ms. Kanchan Pali provided valuable insights into how businesses can integrate social responsibility into their marketing strategies, influence consumer behavior, and contribute to societal well-being.

The session highlighted real-life case studies of businesses using marketing to address social issues, followed by an interactive Q&A session. Students gained a deeper understanding of aligning business objectives with ethical and sustainable marketing approaches, preparing them for socially responsible careers.

Project Guidance for Students on "Evolution of Embedded Systems", IIT DELHI

The Training and Placement Department of IET Bhaddal organized a Webinar on "Project Guidance for Students on Evolution of Embedded Systems" on 1st December 2021 from 4:00 PM to 5:00 PM in Seminar Hall Block-C. The session was coordinated by Ms. Barinderjit Kaur and conducted by Prof. M. Balakrishnan, Department of CSE, IIT Delhi. A total of 86 B.Tech (CSE and EE) students participated in the event.

Prof. M. Balakrishnan discussed the evolution of embedded systems, explaining their transformation from basic microcontrollers to advanced System-on-Chip (SoC) platforms. He highlighted key advancements such as increased processing power, real-time operating systems, and hardware miniaturization. The webinar also covered emerging trends like IoT, AI, and edge computing, reshaping various industries.

Students were encouraged to explore projects in smart devices, automation, and real-time monitoring systems, gaining hands-on experience to apply their knowledge in real-world applications.

Seminar on AGILE METHODOLOGY

The Training and Placement Department of IET Bhaddal organized a Seminar on Agile Methodology on 18th November 2021 from 2:00 PM to 4:00 PM in Seminar Hall Block-C. The seminar was coordinated by Ms. Barinderjeet Kaur and led by Mr. Anil Dogra, Manager, Meander Software Pvt Ltd., Mohali. A total of 45 participants attended the session.

Mr. Anil Dogra provided an in-depth understanding of Agile methodology, focusing on its principles, frameworks, and practical applications in project management and software development. He emphasized the importance of iterative development, collaboration, and adaptability in modern workflows.

The session covered Scrum, Kanban, and Lean principles, helping students and professionals understand how to enhance team collaboration, improve efficiency, and deliver value-driven outcomes. Participants gained valuable insights into real-world Agile implementation, making them better equipped for dynamic industry requirements.

The seminar concluded with an engaging Q&A session, providing further clarity on Agile best practices.

One day seminar on scientific and ethical writing

The Training and Placement Department of IET Bhaddal organized a One-Day Seminar on Scientific and Ethical Writing on 12th November 2021, from 9:30 AM to 11:30 AM, at Seminar Hall Block-F. The session was coordinated by Ms. Bhawanpreet Kaur and featured Dr. Sewa Singh, Professor & Dean, CTIEMT Shahpur Jalandhar, as the esteemed resource person. A total of 42 participants attended the seminar.

The primary objective of the seminar was to enhance students' understanding of scientific and ethical writing principles, ensuring that they can communicate research effectively while adhering to ethical guidelines. Dr. Sewa Singh provided valuable insights into structuring research papers, avoiding plagiarism, proper citation methods, and maintaining integrity in academic writing. He emphasized the importance of clarity, accuracy, and responsibility in scientific communication.

The interactive session allowed students to ask questions and engage in discussions on the best practices for writing research papers, dissertations, and technical reports. Participants gained practical knowledge on how to produce high-quality, ethically sound scientific documents that align with global academic standards.

The seminar proved to be highly informative and beneficial, equipping students with essential writing skills necessary for their academic and professional growth.

Basic concepts of research and its methodologies

The Training and Placement Department organized a seminar on "Basic Concepts of Research and Its Methodologies" on 17th September 2021, from 2:00 PM to 4:00 PM, at Seminar Hall Block-C. The session was coordinated by Ms. Bhawanpreet Kaur and conducted by Dr. Atul Goyal, Professor & Principal, FCET, Ferozpur. A total of 18 faculty members participated in the event.

The objective of the seminar was to provide a clear understanding of the fundamental principles of research and its methodologies. Dr. Atul Goyal introduced the participants to the significance of research, various research paradigms, and systematic approaches to conducting research. He elaborated on qualitative and quantitative research methods, data collection techniques, hypothesis formulation, and analysis tools.

The session emphasized the importance of selecting appropriate methodologies to ensure the reliability and validity of research findings. Participants were also guided on structuring research papers, referencing styles, and ethical considerations in academic research.

The interactive nature of the seminar allowed faculty members to engage in discussions, ask queries, and gain valuable insights into improving their research approach. The event proved to be highly enlightening and beneficial, enhancing participants' ability to conduct and analyze research effectively.

Title	Seminar
Activity Name	Seminar on development on patent
Date	5 Feb 2021
Duration	2 hours
Time	9:30 am-11:30 am
Venue	Seminar Hall Block- F
Organized By	Training and Placement Department
Coordinator Name	Mr Vishal Arora
Resource Person	Dr. Gurpreet Singh, Campus Director, CTGI, Shahpur, Jalandhar
No. of Participants	25
Program Objective	To educate participants on the process and importance of patent development for protecting intellectual property.
Program Outcome	Empower participants with knowledge to navigate the patenting process and safeguard their innovations effectively.
Photograph	 <p>The photograph shows a seminar poster on the left and a photo of Dr. Gurpreet Singh speaking at a podium on the right. The poster includes the IET Bhaddal logo, the title 'Seminar on DEVELOPMENT ON PATENT', the date '5 Feb, 2021', the time '9:30AM', and the venue 'Seminar Hall Block- F'. It also lists the contact information for IET Bhaddal. The photo of Dr. Gurpreet Singh shows him standing at a podium with the IET Bhaddal logo, addressing the audience. A GPS map camera overlay is visible in the bottom right corner of the photo, showing the location as Ropar Division, Punjab, India, with coordinates WJQ2+55M, Bhaddal, Punjab 140108, India, and a timestamp of 5/2/2021 10:24 AM GMT+05:00.</p>

Seminar on development on patent

The Training and Placement Department organized a seminar on "Development of Patent" on 5th February 2021 from 9:30 AM to 11:30 AM in Seminar Hall Block-F. The session was coordinated by Mr. Vishal Arora and conducted by Dr. Gurpreet Singh, Campus Director, CTGI, Shahpur, Jalandhar. A total of 25 participants attended the event.

The objective of the seminar was to educate participants on the process and significance of patent development in protecting intellectual property. Dr. Gurpreet Singh provided an in-depth understanding of patent laws, filing procedures, and the benefits of obtaining a patent. He emphasized the role of patents in encouraging innovation, securing exclusive rights, and fostering industrial growth.

The session covered various aspects of patent drafting, application filing, legal frameworks, and commercialization strategies. Real-world case studies were discussed to illustrate the importance of intellectual property rights in research and business. The interactive nature of the seminar allowed participants to clarify their doubts and gain practical insights into navigating the patenting process.

Overall, the seminar was highly informative and beneficial, equipping attendees with essential knowledge to safeguard their innovations effectively.

- **Date:** 24 Jan 2020
- **Time:** 2pm-4pm
- **Venue:** Seminar Hall Block- C
- **Speaker:** Dr. Mandeep Singh, Professor & Head, CTIEMT Shahpur Jalandhar

We encourage all faculty members and interested students to attend this seminar, as it will be an excellent opportunity to interact with experts in the field, stay updated on new developments, and explore potential areas for research collaboration.

We look forward to your active participation.

Activity Report

Title	Seminar
Activity Name	Seminar on Profitable and non Profitable patent
Date and Time	24 Jan 2020 and 2pm to 4pm
Duration	2 hours
Venue	C Block Seminar Hall
Organized By	Training and Placement Department, IET Bhaddal
Coordinator Name	Gurpreet Singh
Resource Person	Dr. Mandeep Singh, Professor & Head, CTIEMT Shahpur Jalandhar
No. of Participants	46
Program Objective	<ul style="list-style-type: none"> To define the concept of Profitable and non Profitable patent To understand study how to create design
Program Outcome	The student will be able to understand: <ul style="list-style-type: none"> Improves promote innovation and creativity Improve overall patent creativity.

Seminar on Profitable and Non-Profitable Patents

The Training and Placement Department of IET Bhaddal organized a seminar on "Profitable and Non-Profitable Patents" on January 24, 2020, from 2:00 PM to 4:00 PM at the C Block Seminar Hall. The session was coordinated by Gurpreet Singh and conducted by Dr. Mandeep Singh, Professor & Head, CTIEMT Shahpur Jalandhar. A total of 46 participants attended this informative and interactive session.

The seminar aimed to provide students with a clear understanding of profitable and non-profitable patents, their significance in intellectual property rights, and their impact on innovation. Dr. Mandeep Singh explained the fundamental concepts of patents, how they can be monetized, and the role they play in protecting creative ideas. He also elaborated on the process of patent designing and the legal aspects involved.

By the end of the session, students gained insights into how patents encourage innovation and creativity and how businesses and individuals can leverage them for financial and non-financial benefits. The session helped participants understand the importance of intellectual property in fostering technological advancements. The seminar concluded with an engaging Q&A session, where students clarified their doubts and discussed real-world examples.

NOTICE

The Department of Training & Placement of IET Bhaddal is pleased to announce a seminar on **Workshop on SPSS: A novel analysis tool for research data** aimed at enhancing knowledge and fostering academic discussions in the related topic. The seminar will provide a platform for sharing the latest advancements, research, and practices.

Details of the Seminar:

- **Topic:** Workshop on SPSS: A novel analysis tool for research data
- **Date:** 15 Nov 2019
- **Time:** 9:30 am-11:30 am
- **Venue:** Seminar Hall Block- F
- **Speaker:** Ms. Harpreet Kaur, Dean LLRIET, Moga

We encourage all faculty members and interested students to attend this seminar, as it will be an excellent opportunity to interact with experts in the field, stay updated on new developments, and explore potential areas for research collaboration.

We look forward to your active participation.

Workshop on SPSS: A Novel Analysis Tool for Research Data

The Training and Placement Department of IET Bhaddal organized a workshop on SPSS on November 15, 2019, from 9:30 AM to 11:30 AM at the F Block Seminar Hall. The session was coordinated by Mr. Vishal Arora and conducted by Ms. Harpreet Kaur, Dean, LLRIET, Moga. A total of 34 participants attended this insightful workshop.

The primary objective of the workshop was to introduce students to SPSS (Statistical Package for the Social Sciences) and demonstrate its application in statistical analysis. Ms. Harpreet Kaur explained various statistical procedures and how SPSS can be used to analyze research data effectively.

By the end of the session, students gained hands-on experience in using SPSS as a statistical tool and learned how to develop projects using the software. The workshop proved to be highly beneficial for students interested in research and data analysis, equipping them with practical knowledge and analytical skills.

Date: 17.10.2019

NOTICE

The Department of Training & Placement of IET Bhaddal is pleased to announce a seminar on **Introduction to Program outcomes and course outcomes** aimed at enhancing knowledge and fostering academic discussions in the related topic. The seminar will provide a platform for sharing the latest advancements, research, and practices.

Details of the Seminar:

- **Topic:** Seminar on Introduction to Program outcomes and course outcomes
- **Date:** 18 Oct 2019
- **Time:** 2pm-4pm
- **Venue:** Seminar Hall Block- C
- **Speaker:** Er. Mandeep Singh, Head, CTIEMT Shahpur Jalandhar

We encourage all faculty members and interested students to attend this seminar, as it will be an excellent opportunity to interact with experts in the field, stay updated on new developments, and explore potential areas for research collaboration.

We look forward to your active participation.

Title	Seminar
Activity Name	Seminar on Introduction to Program outcomes and course outcomes
Date and Time	18 Oct 2019 and 2pm to 4pm
Duration	2 hours
Venue	C Block Seminar Hall
Organized By	Training and Placement Department, IET Bhaddal
Coordinator Name	Dr Vijay Kumar
Resource Person	Er. Mandeep Singh, Head, CTIEMT Shahpur Jalandhar
No. of Participants	20
Program Objective	To get overview of PO and CO
Program Outcome	Faculty will be able to learn the mapping of PO and CO
Photograph	<div style="display: flex; align-items: center;">   </div>

Seminar on Introduction to Program Outcomes and Course Outcomes

The Training and Placement Department of IET Bhaddal organized a seminar on "Introduction to Program Outcomes (PO) and Course Outcomes (CO)" on October 18, 2019, from 2:00 PM to 4:00 PM at the C Block Seminar Hall. The session was coordinated by Dr. Vijay Kumar and conducted by Er. Mandeep Singh, Head, CTIEMT Shahpur Jalandhar. A total of 20 participants attended the session.

The objective of the seminar was to provide an overview of Program Outcomes (PO) and Course Outcomes (CO) and their significance in academic curriculum design. Er. Mandeep Singh explained how these outcomes help in achieving educational goals and improving student learning.

By the end of the session, faculty members gained valuable insights into mapping PO and CO effectively, ensuring better alignment between course objectives and expected learning outcomes. The seminar proved to be highly beneficial for educators, enhancing their understanding of academic planning and curriculum assessment.

Seminar on How to Write a Research Paper

The Training and Placement Department of IET Bhaddal organized a seminar on "How to Write a Research Paper" on September 27, 2019, from 9:30 AM to 11:30 AM at the F Block Seminar Hall. The session was coordinated by Dr. Vijay Kumar and conducted by Dr. Gurpreet Singh, Principal, LLRIET Moga. A total of 22 participants attended the seminar.

The objective of the seminar was to motivate students to engage in research and equip them with essential knowledge on writing high-quality research papers. Dr. Gurpreet Singh explained the step-by-step procedure involved in research paper writing, including topic selection, literature review, methodology, data analysis, and structuring a well-organized paper. He also emphasized the importance of academic integrity and ethical considerations in research.

By the end of the session, students had a clear understanding of the research writing process and ethical guidelines required for publishing scholarly work. The seminar provided valuable insights, inspiring students to contribute to academic research with confidence and clarity.

Seminar on Microcontroller - Overview

The Training and Placement Department of IET Bhaddal organized a seminar on "Microcontroller - Overview" on August 23, 2019, from 2:00 PM to 4:00 PM at the C Block Seminar Hall. The session was coordinated by Dr. Vijay Kumar and conducted by Dr. Yogesh Chhabra, Professor & Director, CT Group of Institutions, Jalandhar. A total of 25 participants attended the seminar.

The primary objective of the seminar was to provide students with an understanding of microcontroller architecture, functionality, and applications. Dr. Yogesh Chhabra introduced the basic concepts of microcontrollers, their role in embedded systems, and their significance in modern electronic applications. He discussed different types of microcontrollers, their working principles, and how they are used in industries such as automotive, robotics, and consumer electronics.

During the session, students were also guided on how microcontrollers are programmed and interfaced with other hardware components. Real-world examples and practical applications were discussed to enhance their learning experience.

By the end of the seminar, students gained foundational knowledge of microcontroller components, operations, and real-world applications. The session was highly informative and interactive, encouraging students to explore further studies and projects in embedded systems and microcontroller-based applications.

Webinar on How to Write a Review Paper and Determination of Key Parameters

The Training and Placement Department of IET Bhaddal organized a webinar on "How to Write a Review Paper and Determination of Key Parameters" on July 19, 2019, from 9:30 AM to 11:30 AM at the F Block Seminar Hall. The session was coordinated by Dr. Vijay Kumar and conducted by Ms. Taranjeet Kaur, Research Scholar, SLIET Longowal. A total of 32 participants attended the webinar.

The primary objective of the session was to help students understand the process of writing a review paper by identifying key parameters such as relevant literature, detailed discussion, and sufficient data to support interpretations. Ms. Taranjeet Kaur explained the importance of persuasive language and proper structuring in a review paper. She highlighted the significance of critically analyzing existing research and integrating findings to contribute to the academic community.

By the end of the webinar, students gained a clear understanding of review papers and their role in research work. They learned how to select appropriate sources, structure content effectively, and present data to enhance the quality of their research. The webinar was highly beneficial for students interested in academic writing, equipping them with essential skills to produce impactful review papers.
