Detailed Report on World Anti-Drug Day

World Anti-Drug Day, observed annually on June 26th, aims to raise awareness about drug abuse and illicit trafficking. In an effort to contribute to this global mission, a special event was organized in Village Bhaddal on 29th June 2023 under the leadership of Mr. Kamaljeet Singh, Assistant Professor in the Electrical Engineering Department at IET Bhaddal. The event witnessed active participation from students and village residents, emphasizing the need for a drug-free society. The event commenced with an awareness rally through the village, where students carried banners and posters displaying messages about the harmful effects of drug abuse. Slogans were chanted, urging people to stay away from drugs and lead a healthy life.

The village residents actively participated in discussions, sharing their concerns and experiences related to drug abuse. Many elders of the village appreciated the initiative and assured their support in spreading awareness. Leaflets containing helpline numbers and rehabilitation center information were distributed among the attendees.

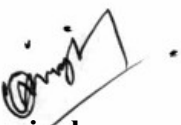

The World Anti-Drug Day event in Village Bhaddal was a significant step towards spreading awareness and fostering a drug-free environment. The collaborative effort of students, faculty, and villagers reinforced the message that community involvement is essential in the fight against drug abuse. The event concluded with a pledge taken by all participants to work towards a drug-free society and support those in need.

Detailed Report on Tree Plantation

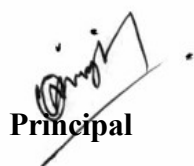

A tree plantation drive was successfully conducted in Village Purkhali on 18th May 2024 at 11:00 AM onwards under the leadership of Mr. Harjit Singh, Assistant Professor in the Electrical Engineering Department at IET Bhaddal. The event saw active participation from students and local villagers, who collectively aimed to enhance environmental awareness and promote afforestation. The drive began with an address by Mr. Harjit Singh, highlighting the importance of trees in combating climate change and improving ecological balance. Participants enthusiastically planted various native and fruit-bearing trees, ensuring proper care and support for their growth. The villagers also shared their knowledge of traditional conservation practices and pledged to nurture the saplings. The event concluded with a collective commitment to maintaining the planted trees and conducting similar initiatives in the future, fostering a sustainable and greener environment.

Detailed Report on Health Check up Camp

A health check-up camp was organized in Village Hirdapur on 27th April 2024 from 11:00 AM to 2:00 PM by a team of doctors from Sandhu Hospital, Nawanshahr, in collaboration with IET Bhaddal. The camp aimed to provide essential healthcare services and spread awareness about preventive measures for common diseases. A wide range of medical services, including general health check-ups, blood pressure monitoring, diabetes screening, and consultations, were provided to villagers free of cost. The doctors also educated attendees on maintaining a healthy lifestyle and the importance of early diagnosis. The camp saw enthusiastic participation from residents, especially the elderly and children, who benefited from expert medical advice. The initiative was highly appreciated by the villagers, and the organizers emphasized the need for regular health camps to ensure accessible healthcare for all.

सरकारी स्कूल ताजपुरा, कोलगढ़ के छात्रों ने आईईटी भदल कैंपस का दौरा किया

भास्कर न्यूज़ | रोपड़

सरकारी सीनियर सेकेंडरी स्कूल ताजपुरा और सरकारी सीनियर सेकेंडरी स्कूल कोलगढ़ के विद्यार्थियों को आईईटी भदल टैक्निकल कैंपस का शैक्षणिक दौरा करवाया गया। प्रिंसिपल डॉ. कंचन शर्मा ने विद्यार्थियों और उनके अध्यापकों का स्वागत किया और बताया कि इस दौरे का उद्देश्य विद्यार्थियों को करियर का सही चुनाव करने में उनकी सहायता करना है। इस दौरान छात्रों को आर्ट्स, साइंस और कॉमर्स के विभिन्न कोर्सों की जानकारी दी गई। आईईटी भदल टैक्निकल कैंपस के

रजिस्ट्रार कम डायरेक्टर डॉ. एसएस बिंदरा ने कहा कि आज के समय में युवाओं की करियर काउंसलिंग करना समय की मांग है। इससे उनका सही मार्गदर्शन किया जा सकता है। इस अवसर पर सहायक प्रो. निलेश्वर टाक ने विद्यार्थियों को पावर प्वाइंट प्रेजेंटेशन से करियर संबंधी काउंसलिंग की और उनके सवालों के जवाब भी दिए। विद्यार्थियों को कैंपस में चल रहे कोर्सों और कॉलेज की स्कॉलरशिप स्कीमों की भी जानकारी दी गई। इस दौरान कोऑर्डिनेटर ओंकार सिंह, विशाल अरोड़ा और दोनों स्कूलों के अध्यापक उपस्थित थे।

Detailed Report on School visit of students

Students from the Arts and Science streams of Government Senior Secondary School, Kolgarh, SBS Nagar, undertook an educational visit on 04.03.2024 aimed at enhancing their practical knowledge and exposure to real-world applications of their studies. The visit provided an opportunity for students to interact with subject experts, explore various academic and career prospects, and gain insights into advanced learning methodologies. The students are welcomed by Dr Kanchan Sharma, IET Bhaddal and told them they want student choose the right carrer. They participated in interactive sessions, observed laboratory experiments, and engaged in discussions on contemporary topics related to their respective streams. The visit was highly beneficial in broadening their understanding and motivating them to pursue higher education with a clear vision. The students and faculty expressed their gratitude for the enriching experience, emphasizing the need for more such educational excursions in the future.

Detailed Report on Career Guidance Seminar

Career Guidance Seminar was conducted on 10th March 2024 at IET Bhaddal Technical Campus, Ropar. The seminar was organized by IET Bhaddal Technical Campus and coordinated by Mr. Onkar Singh, Assistant Professor, ME. The objective of the seminar was to increase career awareness and enhance decision-making skills among participants.

The seminar started at 10:00 AM and lasted for two hours. The discussion focused on various career options, higher education opportunities, and skill development. The speaker provided valuable insights into making the right career choices based on individual interests and market trends. The session was interactive, allowing students to ask questions and clear their doubts.

The event successfully met its objectives by helping students gain confidence in their career decisions and guiding them toward informed career choices. Participants found the session highly beneficial in understanding different career paths and future opportunities. A photograph and creative representation of the seminar documented the event. Overall, the seminar was well-received and proved to be an informative and engaging session for all attendees.

Detailed Report on Save Girl Child

Save Girl Child awareness program was conducted on 24th February 2024 at Village Rampur. The event was organized by IET Bhaddal Technical Campus and coordinated by Mr. Harjit Singh, Assistant Professor, EE. The primary objectives of the program were to empower communities to support gender equality and promote equal access to education for girls.

The session started at 10:00 AM and lasted for two hours, with the participation of one teacher and five students from IET Bhaddal. The significance of educating girls, protecting their rights, and ending gender-based discrimination were the main topics of discussion. Villagers were inspired by the event to support girls' equal access to education and employment possibilities.

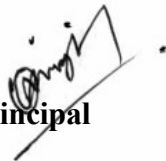

This program helped in increasing economic opportunities for girls and strengthening community awareness and engagement. A photograph and creative representation documented the event, highlighting the active participation and support from the local community.

Detailed Report on Tree Plantation

Tree Plantation drive was conducted on 10th February 2024 at Village Majri. The event was organized by IET Bhaddal Technical Campus, Ropar, and coordinated by Mr. Harjit Singh, Assistant Professor, EE. The main objectives of the program were to encourage reforestation and afforestation and to reduce paper consumption by spreading awareness about sustainable practices.

The event began at 10:00 AM and lasted for two hours, with active participation from one teacher and fifteen students. Various saplings were planted to promote greenery and environmental sustainability. Participants learned about the importance of trees in improving air quality, conserving biodiversity, and reducing climate change effects.

The program successfully contributed to urban greening and improved livability while fostering long-term environmental resilience. A photograph and creative representation captured the enthusiasm of the participants and the positive impact of the plantation drive.

Detailed Report on Tree Plantation

On January 20, 2024, Village Kakut held a tree planting drive as a component of the Extension Outreach Activity. IET Bhaddal Technical Campus in Ropar arranged the event, and Mr. Harjit Singh, an assistant professor of EE, oversaw its coordination. The primary goals were to raise awareness of environmental issues, encourage less paper use. Nine students and one teacher of IET Bhaddal participated in the two-hour event, which began at 10:00 AM. To promote ecological balance and increase greenery, a number of saplings were planted. While learning about the advantages of trees for biodiversity protection, temperature management, and air purification, the participants actively participated in the plantation process. The initiative promoted long-term environmental resilience by enhancing livability and urban greening.

Detailed Report on SAY NO to Plastic

As part of the Extension Outreach Activity, a Say No to Plastic awareness campaign was conducted on 28th October 2023 at Village Dekwala. The event was organized by IET Bhaddal Technical Campus, Ropar, with the objective to promote the adoption of sustainable alternatives and support waste management and recycling efforts.

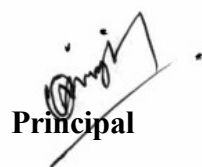

The session began at 10:00 AM, engaging the general public in discussions about the harmful effects of plastic pollution. The campaign focused on educating villagers about the environmental hazards of plastic waste, including soil and water contamination. Villagers were encouraged to use eco-friendly alternatives such as cloth bags, biodegradable packaging, and reusable containers. Many villagers pledged to reduce plastic consumption and contribute to a cleaner environment.

Detailed Report on Tree Plantation

A Tree Plantation Drive was conducted on 19th September 2023 at Village Panjoli. The event was organized by IET Bhaddal Technical Campus, Ropar, with the aim to encourage reforestation and afforestation and promote reduced paper consumption.

During the event, several saplings were planted to enhance greenery and promote environmental sustainability. Participants were educated on the importance of trees in improving air quality, conserving water, and supporting biodiversity. The initiative helped raise awareness about the role of trees in combating climate change.

The program successfully contributed to urban greening and improved livability while fostering long-term environmental resilience.

Detailed Report on Blood Donation

On 26th August 2023, IET Bhaddal Technical Campus, Ropar, organized a successful Blood Donation Camp in collaboration with Red Cross Society, Ropar at Village Panjola, aimed at encouraging blood donation as a social responsibility. The event was designed to raise awareness about the importance of donating blood and provide a safe and accessible platform for the villagers to contribute to this noble cause.

The camp attracted a significant number of volunteers, who came forward to donate blood, strengthening the emergency response efforts for healthcare facilities in the region. The initiative promoted a sense of community engagement and collaboration, with people from all walks of life joining hands to help save lives.

The event was well-received, ensuring that vital blood supplies were replenished for local hospitals. The IET Bhaddal Technical Campus's commitment to social welfare was evident, and the blood donation camp not only fulfilled its objective of saving lives but also fostered a spirit of togetherness in the community.

This event was a meaningful step towards building a healthier and more responsible society.

Detailed Report on Mental Health Awareness

On 17th June 2023, IET Bhaddal Technical Campus, Ropar, organized a Mental Health Awareness program at Village Bhaddal, with the goal of increasing public awareness about mental health and promoting help-seeking behavior. The event was conducted from 10:00 AM onwards and lasted for two hours, during which Dr. G.S. Sandhu, an MD in Psychiatry, led an informative session.

A small yet engaged group, consisting of one teacher and five students, participated in the program. Dr. Sandhu highlighted the importance of mental health, the common signs of mental health issues, and the need to break the stigma surrounding seeking help.

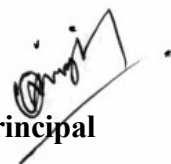

The session proved to be highly effective in improving help-seeking behavior among the participants and fostering the integration of mental health discussions into community programs. It was a significant step toward ensuring that mental health becomes an essential part of community care and support.

Detailed report on Save Girl Child Awareness Program

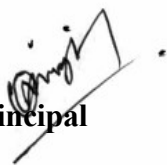

IET Bhaddal Technical Campus, Ropar, planned the Save Girl Child Awareness Program, which took place at Village Purkali on May 13, 2023. The program sought to inform the public about the significance of gender equality, the negative effects of female feticide, and the necessity of empowering females via equal opportunities and education. Discussions on legislative regulations such the Pre-Conception and Pre-Natal Diagnostic Techniques (PCPNDT) Act, which forbids gender-based abortions, were part of the event, which was organized by IET Bhaddal in collaboration with NGO. The decreasing sex ratio and its long-term socioeconomic effects were explained to the participants. In order to ensure the welfare of the girl child, the session focused on the importance of community support, healthcare, and education. The program successfully encouraged active participation in eradicating gender discrimination, fostering a more balanced and progressive society for future generations.

Detailed report on Career Guidance to Matric & +2 Students

On February 16, 2023, starting at 10:00 AM and lasting for two hours, the Career Guidance Program for Matric and +2 Students was held at the IET Bhaddal Technical Campus in Ropar. The program sought to give students access to higher education, industry insights, and well-informed job options. Expert presentations on a range of professional courses, skill development initiatives, and new career trends were part of the session, which was organized by Ms. Kanchan, Assistant Professor, BHMCT. Based on their aptitude, interests, and market need, students received guidance in choosing the right academic tracks. Entrepreneurship, vocational training, and government employment prospects were also discussed. Scholarship programs and financial aid choices for post secondary education were presented to the participants. In order to improve employability, the seminar stressed the value of internships and industry-specific qualifications. The program successfully empowered students with the necessary knowledge to make informed career decisions, bridging the gap between academic learning and professional aspirations.

Detailed Report on Blood Donation

IET Bhaddal Technical Campus, Ropar, hosted a blood donation drive at Village Kakron on December 17, 2022. The event lasted for two hours, starting at 12:00 PM. In order to promote blood donation for a worthy purpose, the camp was established for the benefit of the general public in collaboration with Red cross society Ropar. Nearly 30 peoples have donated blood for mankind. The event was effectively executed under the direction of Mr. Kamaljeet Singh, an assistant professor in the department of electrical engineering. Village Kakron locals were encouraged to take part, and a large number of individuals came to give blood, saving lives.

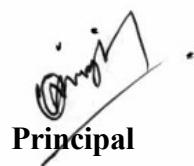

With appropriate preparations made for the convenience and safety of donors, the camp operated without a hitch. Campus volunteers provided assistance during the occasion. The community responded well to the blood donation camp, and it is hoped that such campaigns will keep raising awareness of the value of blood donation

Detailed Report on Tree Plantation

On November 29, 2022, IET Bhaddal Technical Campus organized a tree-planting event in Village Rampur. The event began at 10:00 AM and continued for two hours. The main objectives were to increase the village's green space and raise awareness of environmental issues.

Nearly 30 tree saplings are done in the village with the help of local people. Under the guidance of Mr. Kamaljeet Singh, an assistant professor in the department of electrical engineering, the community took part in the activity with great enthusiasm. In an attempt to improve the environment and lessen pollution, residents and campus volunteers joined forces to plant trees all across the town. The event went smoothly, and the seedlings and planting tools were set up properly. Residents responded favorably to the project, which will help maintain the area's sustainability and greenness.

Detailed Report on Say No to Plastic

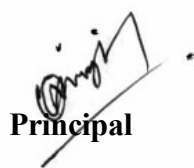

IET Bhaddal Technical Campus held an awareness campaign called "Say No to Plastic" in Village Panjoli on October 29, 2022. The purpose of the two-hour event, which started at 12:00 PM, was to inform the public about the negative impacts of plastic trash and encourage the use of more environmentally friendly substitutes. The community was given a comprehensive grasp of the harmful environmental effects of plastic pollution, with a focus on how plastic leads to contamination of the air, water, and soil. Sustainable practices and the need to lessen the use of single-use plastics in daily life were also addressed during the event. The significance of recycling and the utilization of biodegradable materials as alternatives to plastic products were explained to the participants. To promote appropriate trash handling and reduce environmental impacts, a variety of waste management and disposal techniques were also covered. In addition to offering helpful advice on cutting back on plastic use, the interactive event included demonstrations of eco-friendly substitutes like paper packaging, bamboo items, and cloth bags.

Detailed Report on Drug Awareness and Prevention

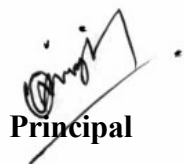

IET Bhaddal Technical Campus held a Drug Awareness and Prevention campaign in Village Panjola on September 17, 2022. With the goal of educating the local public about the negative impacts of drug consumption and encouraging preventive steps to stop the rising problem of substance misuse, the event started at 10:00AM. Mr. Harjit Singh and Mr. Kamaljeet Singh, both assistant professors in the electrical engineering department, organized the campaign. Interactive talks about the different types of drugs that are frequently taken, how addiction develops in people, and the vital significance of early intervention and support networks were also included in the event. Information on resources, hotlines, and rehab facilities that can aid those with addiction was disseminated. The campaign also focused on prevention, teaching young people and vulnerable groups in the community how to spot the warning signs of substance misuse and how to cope with them so they don't become dependent on drugs. Building emotional resilience, creating a supportive atmosphere, and taking part in community-driven awareness and intervention campaigns were all prioritized.

Detailed Report on Mental Health Awareness

IET Bhaddal Technical Campus launched a Mental Health Awareness campaign in Village Mianpur on August 27, 2022. Dr G S Sandhu, MD (Psychiatry) delivered lecture on the mental health awareness. Nearly 30 people have attended the session. The purpose of lecture was to inform the public about mental health, its importance, and strategies for preserving psychological well-being. An overview of mental health was given at the start of the session, with a focus on its significance for general health and wellbeing. Dr Sandhu also talked about a range of mental health issues, including stress, anxiety, and depression, outlining their signs, causes, and scientific underpinnings. He also discussed ways to manage mental health, such as coping strategies, self-care techniques, and the role of therapy and medication in treatment. Participants were also told about the value of social support networks and the necessity of getting professional help when necessary. The participants demonstrated a high level of interest, actively participating in discussions and asking insightful questions, and were given information about available mental health resources, helplines, and counseling services.

Detailed Report on Save the Girl Child

In the village of Raja Majra, IET Bhaddal Technical Campus held an awareness campaign called "Save the Girl Child" on July 23, 2022. The event was designed to raise awareness of the critical issue of gender disparity and to emphasize the value of empowering and rescuing girls in society. Mr. Kamaljeet Singh, an assistant professor in the electrical engineering department, organized the campaign. An overview of the social and cultural elements that lead to gender-based discrimination, especially against girls, was given at the start of the session. The organizer underlined the value of gender equality and its beneficial effects on social advancement as well as personal well-being. Nearly 35 women have participated in the event.

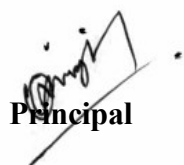

During the session, the legal frameworks that safeguard the rights of girls were examined. One such framework is the "Beti Bachao Beti Padhao" plan, which aims to prevent gender-based abortions, improve education for girls, and lower the rate of child marriage. Attendees eagerly participated by offering their opinions and suggestions on how to raise the status of girls in their communities, and the event promoted candid conversations among them.

Detailed Report on World Anti-Drugs Awareness

IET Bhaddal Technical Campus held a World Anti-Drugs awareness campaign at Village Purkali on May 14, 2022. The purpose of the two-hour event, which began at 10:00 AM, was to raise awareness of the negative consequences of drugs and the significance of abstaining from them. Assistant Professors Mr. Kamaljeet Singh and Mr. Harjit Singh of the Department of Electrical Engineering organized the campaign. The organizers talked on the harmful effects of drug abuse on families, society, and health. They emphasized how addiction can destroy lives, result in physical and mental health issues, and have major social and legal repercussions.

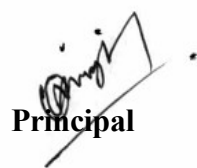

Preventive measures were also emphasized at the event, teaching attendees how to spot warning signs of drug misuse, avoid peer pressure, and get help when necessary. It was underlined how crucial it is to assist individuals impacted by addiction and promote rehabilitation initiatives. Locals took an active part in the campaign, particularly the younger generation. The participants in the interactive session demonstrated a strong desire to learn more about drug prevention and promoting a healthy lifestyle.

Detailed Report on Tree Plantation

In an effort to increase campus greenery and encourage environmental sustainability, IET Bhaddal Technical Campus held a tree planting event on April 25, 2022. Dr. Gurpreet Singh, the Principal, and Dr. S.S. Bindra, the director, oversaw the plantation activity. They spearheaded the effort to install a range of trees throughout the campus. The occasion highlighted how crucial trees are for lowering pollution, enhancing air quality, and giving wildlife a place to live.

Numerous trees were planted in designated spots by the campus's personnel, faculty, and students who took an active part in the event. Additionally, the event encouraged everyone to help create a cleaner planet by bringing attention to environmental challenges.

By expanding the number of trees and plants on campus, the tree plantation project not only improved campus aesthetics but also supported environmental causes.

Detailed Report on Blood Donation

IET Bhaddal Technical Campus held a blood drive at Village Partapgarh on March 19, 2022. Mr. Harjit Singh, an assistant professor in the electrical engineering department, has coordinated with Red Cross Society Ropar to organize the blood donation camp. Nearly 30 peoples have donated blood in order to save the lives. To guarantee the secure and effective blood collection, a team of blood donors, including qualified medical personnel, was on hand. The participants received a comprehensive explanation of the blood donation procedure, emphasizing the need of frequent blood donation and its vital role in saving lives.

To make sure they were eligible to donate, participants underwent pre-donation health examinations, which included assessments of their blood pressure, hemoglobin levels, and overall fitness. The surrounding community responded favorably to the blood donation camp, and many people offered their services as volunteers.

Detailed Report on Female Feticides Awareness

IET Bhaddal Technical Campus launched a campaign to raise awareness of female fetal homicide in Village Majri on February 2, 2022. The purpose of the two-hour event, was to promote gender equality and increase awareness of the grave problem of female feticide.

Assistant Professors Mr. Harjit Singh and Mr. Kamaljeet Singh of the Department of Electrical Engineering organized the campaign in coordination with NGO which has headed by Dr Kanchan Sharma. She discussed about Female feticide, its effects on society, and the practice are scientific, social, and psychological ramifications were thoroughly explained at the start of the session. The coordinators emphasized the urgent need for change by presenting statistical data that showed the concerning trends and geographical differences in the sex ratio. It emphasized how important it is to teach communities—particularly those in rural areas—about the worth of girls and their capacity to make a positive contribution to society. The occasion promoted equal rights and opportunities for girls and urged participants to take an active role in altering social norms. The attendees in the interactive session exchanged ideas, asked questions.

Detailed Report on Save the Girl Child

IET Bhaddal Technical Campus held an awareness campaign called "Save the Girl Child" at Village Balamgarh Mandwara on January 22, 2022. The program focused on the importance of protecting and empowering girls in order to address the serious problem of gender inequality.

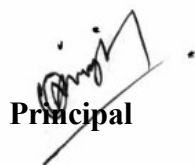

Mr. Kamaljeet Singh, an assistant professor in the electrical engineering department, along with Ms Bhawanpreet Kaur (Social Activist) organized the campaign. An overview of the social and cultural obstacles that girls confront, such as discrimination based on gender, female infanticide, and restricted access to opportunities and resources, kicked off the discussion. Ms Bhawanpreet Kaur discussed the vital significance of gender equality and the beneficial effects that empowering girls has on society's overall socioeconomic growth. Important topics including the value of healthcare, education, and girls' legal rights were discussed. The advertisement also highlighted India's legal protections for females, such as the "Beti Bachao Beti Padhao" program, which seeks to raise the status of girls by providing more welfare and educational opportunities.

Detailed report on Awareness of Female Feticide

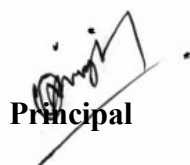

The two-hour Female Feticide Awareness session took place in Village Rangilpur on December 11, 2021, at 12:00 PM. IET Bhaddal Technical Campus in Ropar. The purpose of the event was to inform the public about the serious problem of female feticide, its negative effects on society, and its legal ramifications. It was highlighted how technology may be used to detect and stop unlawful activity. The significance of gender equality was emphasized through the sharing of case studies, awareness posters, and real-world experiences. The team encouraged the community to report illegal sex-selective abortions and promote women's empowerment. The session concluded with an interactive discussion, allowing participants to express concerns and seek clarifications. The event successfully raised awareness and motivated attendees to support the cause of protecting girl children, ensuring a more balanced and progressive society.

Detailed report on Say No to Plastic

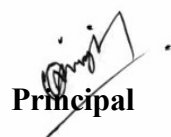

"Say No to Plastic" awareness event took place in Village Panjola on September 25, 2021, at 11:00 PM. The program, which was coordinated by Mr. Harjit Singh, Assistant Professor, EE, and organized by IET Bhaddal Technical Campus, Ropar, sought to inform the public about the environmental risks associated with plastic pollution. The detrimental impacts of single-use plastics on ecosystems, soil fertility, and marine life were underlined by speakers. Alternative environmentally friendly materials such as reusable containers, biodegradable plastics, and cloth bags were discussed at the discussion. Government rules on managing plastic trash, recycling methods, and the value of community involvement in lowering plastic consumption were all topics of discussion. Volunteers gave examples of doable strategies to reduce everyday plastic use. The program concluded with an oath-taking ceremony, where attendees pledged to adopt sustainable practices. The initiative successfully encouraged responsible behavior towards environmental conservation and a cleaner, greener future.

Detailed report on Voter Awareness Program

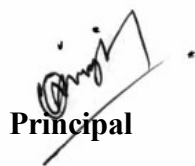

The Voter Awareness Program, hosted by IET Bhaddal Technical Campus, Ropar, took place at Village Mainpur on August 25, 2021. The program sought to inform the public on the importance of voting rights, the democratic process, and electoral engagement. Mr. Onkar Singh, Nodal Officer, SVEEP, IET Bhaddal featured seminar focusing on the moral and legal implications of voting. To ensure that voter registration and procedural formalities were understood, a variety of technical and digital instruments were used to illustrate the voting process. The initiative effectively improved voter literacy by answering questions about election processes and clearing up widespread misunderstandings. The program's success in promoting electoral responsibility and bolstering democratic engagement was facilitated by the involvement of local citizens.

Detailed report on Tree Plantation

The Tree Plantation Drive, hosted by IET Bhaddal Technical Campus, Ropar, took place at Village Gandhon Kala on June 8, 2021. The project sought to improve biodiversity, advance environmental sustainability, and lessen the negative consequences of climate change and deforestation. The event, which was organized by Mr. Kamaljeet Singh, Assistant Professor, EE, featured the planting of a variety of native tree species, highlighting their contributions to soil conservation, air quality improvement, and ecological balance. Nearly 50 saplings trees are planted in the outskirts of village along the road side. The program successfully instilled environmental consciousness among the general public, encouraging proactive participation in ecological conservation efforts for a greener and healthier future.

Detailed report on Say No to Plastic

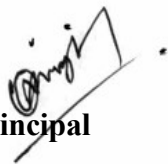

IET Bhaddal Technical Campus, Ropar, planned the "Say No to Plastic" Awareness Program, which took place at Village Kakut on February 20, 2021. Promoting sustainable alternatives and educating the public about the environmental risks posed by plastic pollution were the goals. Expert talks on the detrimental impacts of plastic on ecosystems, human health, and biodiversity were part of the event, which was organized by Mr. Harjit Singh, Assistant Professor, EE. Waste segregation, recycling methods, and biodegradable substitutes were emphasized. Practical ways to lessen reliance on plastic in daily life were demonstrated. By promoting eco-friendly behaviors, reducing plastic consumption, and helping to preserve the environment for a sustainable future, the initiative successfully increased community awareness.

Detailed Report on Say No to Plastic

In the village of Gandhon Kala, the IET Bhaddal Technical Campus in Ropar held an awareness campaign titled "Say No to Plastic" on December 12, 2020. The purpose of the event was to promote alternatives to plastic use and increase awareness of the negative environmental effects of plastic. The event began at 11:00 AM and went on for two hours. This program benefited the locals as well as the broader public. Mr. Kamaljeet Singh, an assistant professor in the Electrical Engineering department of IET Bhaddal Technical Campus, organized the event.

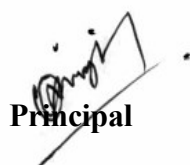

Numerous awareness-raising events were conducted during the event to inform attendees of the significance of minimizing plastic consumption and to promote the adoption of environmentally beneficial behaviors. The people responded favorably to the event, and the attendees were very enthusiastic. All things considered, the event was a success, spreading a crucial message about the harm that plastic causes to the environment and how we can all do our part to lessen it.

Detailed Report on Tree Plantation

IET Bhaddal Technical Campus, Ropar launched a tree planting drive in the village of Dekwala on November 28, 2020. The general public was the campaign's primary beneficiary, and the event began at 11:00 AM. The tree-planting event was actively attended by a wide range of village residents. Assistant Professors Mr. Harjit Singh and Mr. Kamaljeet Singh of IET Bhaddal Technical Campus in Ropar organized the event and made sure the plantation was properly planned and carried out. The plantation process involved a number of procedures, such as choosing a suitable location using the right planting methods. The public was urged to care for and nurture the trees in the upcoming months to ensure their survival and growth, and a sizable number of saplings were planted overall. The activity's success demonstrated the value of community involvement in environmental preservation and the critical role that educational institutions play in promoting such programs.

Detailed Report on Save Girl Child

An awareness campaign called "Save Girl Child" was held in the village of Behrampur Zimidhari on February 15, 2020, by the IET Bhaddal Technical Campus in Ropar. The program's objectives were to draw attention to the value of gender equality and the cultural, social, and economic implications of empowering girls. Targeting the general population as the main beneficiaries of the awareness drive. The campaign sought to address topics like female infanticide, gender bias, and the significance of giving girls equal chances in society, healthcare, and education.

Mr. Kamaljeet Singh, an assistant professor at IET Bhaddal Technical Campus in Ropar, organized the campaign and oversaw interactive sessions and conversations. The social ramifications of gender inequality, the necessity of governmental action, and the advantages of creating an inclusive atmosphere for females were the main topics of Mr. Singh's technical lectures at the event. He also underlined the importance of community involvement in removing cultural barriers that impede girls' growth and wellbeing. The goal of the session was to inform the villagers about the legal rights of girls, government programs that can help them, and ways to fight gender prejudice. The significance of addressing issues like health, nutrition, and educational access that impact girls from an early age at the grassroots level was also discussed. As the event came to a conclusion, the community was urged to take the initiative to advance gender equality, safeguard girls, and foster a more encouraging social atmosphere for the growth of girls in the village. All things considered, the "Save Girl Child" campaign was effective in igniting discussions and increasing public awareness of the urgent need for social reform. It also emphasized the necessity of ongoing lobbying and group initiatives to change perceptions about gender equality.

Detailed Report on Traffic Awareness

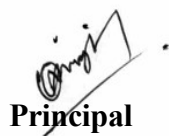

The IET Bhaddal Technical Campus in Ropar conducted a traffic awareness campaign in the village of Rampur on February 29, 2020. This initiative's primary objective was to inform the public about the value of road safety, traffic management regulations, and the effects of traffic accidents on the welfare of communities. The campaign's primary beneficiaries were members of the general public, and it started at 2:00 PM. The program's main goal was to teach the villagers how to behave responsibly when it came to speed limits, traffic laws, pedestrian safety, and wearing seat belts and helmets. Assistant Professors Mr. Kamaljeet Singh and Mr. Harjit Singh of IET Bhaddal Technical Campus in Ropar organized the campaign and actively participated in its preparation and implementation. The coordinators made sure that the program's content addressed important topics pertaining to rural traffic safety and was both educational and useful.

Detailed Report on Save Girl Child

IET Bhaddal Technical Campus in Ropar conducted a powerful "Save Girl Child" awareness campaign in Village Sainfampur on January 11, 2020. The event's main goal was to increase awareness of the difficulties encountered by girls, stressing the value of gender equality and empowering young girls in rural areas. The purpose of the event was to discuss important societal issues such as gender discrimination, female infanticide, and the necessity for girls to have equal access to healthcare, education, and personal growth. An outline of the current issues surrounding gender inequality, the negative effects of societal prejudices against girls, and the legislative frameworks protecting girls' rights were all covered in his talk.

Detailed report on Tree Plantation Drive

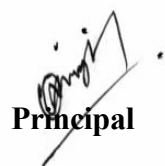

The Tree Plantation Drive, hosted by IET Bhaddal Technical Campus, Ropar, took place at Village Rangilpur on December 28, 2019. The project sought to improve biodiversity, reduce air pollution, and advance ecological sustainability. The event, which was organized by Assistant Professors Mr. Harjit Singh and Mr. Kamaljeet Singh of EE, featured the planting of a variety of native tree species with a focus on their function in preventing soil erosion, conserving groundwater. Participants received education on sustainable environmental practices, the negative impacts of deforestation, and afforestation techniques. Through effective public awareness-raising, the program promoted active engagement in environmental conservation initiatives for a healthier and more environmentally friendly future.

Detailed report on Say No to Plastic

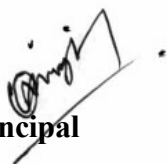

IET Bhaddal Technical Campus, Ropar, organized the "Say No to Plastic" Awareness Program, which took place at Village Balamgarh Mandwara on October 19, 2019, starting at 11:00 AM and lasting for two hours. The initiative's goals were to promote sustainable alternatives and inform the public about the environmental risks posed by plastic litter. The seminar, which was organized by Mr. Nileshwar HOD Civil, concentrated on the detrimental impacts of plastic trash on human health, water bodies, and ecosystems. Biodegradable alternatives, waste management strategies, and recycling processes were presented to the participants. The significance of decreasing single-use plastics and implementing eco-friendly behaviors was underlined by demonstrations. Through effective awareness-raising, the program promoted prudent consumption and proactive community participation in environmental preservation initiatives for a cleaner future.

Detailed report on Female Feticide Awareness Program

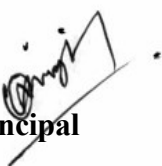

IET Bhaddal Technical Campus, Ropar, coordinated the Female Feticide Awareness Program, which took place at Village Kakut on September 28, 2019. A Female Feticide Awareness Program was conducted in the village to educate people about the importance of saving the girl child. The event aimed to highlight the negative impact of female feticide on society. Dr Gurjit Kaur, MD explained the legal consequences and moral aspects of gender-based abortions. Villagers were encouraged to treat girls and boys equally and to support women's education. Interactive sessions, posters, and short films helped convey the message effectively. The program concluded with a pledge to stop discrimination against girls. Overall, the event was successful in spreading awareness and promoting a positive mindset toward gender equality.

Detailed report on Blood Donation Camp

The Blood Donation Camp, hosted by IET Bhaddal Technical Campus, Ropar, took place at Village Rangilpur on July 27, 2019. The initiative sought to raise awareness of the importance of blood donation in responding to medical emergencies and saving lives. The event, which was organized by Mr. Kamaljeet Singh, Assistant Professor, EE, included healthcare professionals, voluntary donors. Blood group compatibility, post-donation care, and donor eligibility were explained to the participants. To guarantee donor fitness, medical examinations were performed, and the appropriate safety measures were implemented for the donation procedure. The initiative effectively raised awareness of voluntary blood donation by highlighting its vital role in life-threatening situations, emergency medical care, and procedures.
